【Comprehensive Measures for Acceptance and Coexistence of Foreign Nationals】

(1) Measures that overlap with the measures included in the Roadmap.

The Comprehensive Measures show the measures that should be implemented in a single fiscal year based on the measures and timelines indicated in the Roadmap.

(2) Measures that do not overlap with the measures included in the Roadmap.

The Comprehensive Measures show the measures that are not included in the Roadmap itself because they are not necessary measures that should be implemented over the medium- to long-term, but should be addressed.
